

Come to Me

Hear what My Spirit will say: "For there has never been a time that I have not desired for all to be saved. There has never been a time, that I have not desired an outpouring, an outpouring of truth, an outpouring of doctrine, an outpouring of miracles, an outpouring of My love. But My love eradicates lasciviousness. My love destroys sin; it never allows it to life. Do not look at what you see. Look not to the right or to the left, because there has been a major step that has been taken. There has been a major step that has been taken in your heart.

Because I desire revival, but many, many, many through the years would not come to Me. They would not sit, they would not listen, they would not harken. For I have never held back one time, but I have always sought a people, a body, a person to come to Me to spend time with Me, because I have given a path. My Son I freely gave, all things have been poured out and I have given the place and the way into revival. Through Generation through generation people have stopped and they did not go there.

But I have found a people that are saying yes in their hearts and I am going to continually ask them to come closer to Me, because the flames are burning. And I am going to blow on them as you spend more time with Me. So come to Me! Get alone with Me! Get intimate with Me! Let Me draw you! Let Me blow on the flame so they will become unmanageable, they will become uncontrollable!

The devil was never able to stop My power. The devil has no right to stop My power. The enemy has been defeated. He has no power. Behold I have given you all power over all the power of the enemy. But see My body has always been stopped by their own flesh, because by coming to Me mortification must take place. Death must come to you. My life, the life of My Son, learned obedience through the things which He suffered and My path is the same.

So as you spend time with Me the cross will magnify and many have hit the cross and they have run from it, but I am saying: "Embrace it! Because in My death is My life, in My death is in My life!" So come to Me, because I desire an outpouring not only here but in your region where you are from. Not only in the region where you are from but in the entire world, because I want the lost to be saved. All that call upon the name of the Lord, all that call on Me shall be saved and there is no respect of person.

And I am begging you as a body, come to Me, come to Me, come to Me. There is no other way; there will never be another way. But a major step has been taken in your heart. Things are different, not only in this place but where you are from, because the light is going to shine so bright. Christ will be magnified. He will draw all to Him. Amen."
