## **Tongues and interpretation**

- translated into English -

Walk with me and do not play. Walk with me and do not play, because it's Me. I am the one who guides and leads you. I give you strength – the equipment, which is already in you. Go, go and go. Go, go. Run, run. The time has come, the time has come. The time is short. Go, go. Run, run. The time is very short. Go and run. The people are waiting. Go and run!
