Author & Finisher

You will see that I have been working on your behalf. As you were seeking My face, I have been working behind the scenes. It was not known to the natural. I have been arranging and rearranging. That will benefit you. You gave Me permission, to work on your behalf. And you will see and you will rejoice.

You will understand, that I always do, what I promise. The moment you turned to Me, I started to release. I started to do. I set angels to work on your behalf. So next time you see, you see what I have done from the very beginning. Next time, you don't doubt. Next time you rejoice all the way. From the beginning to the end. Because I am the author and finisher of your faith.
