My Gospel

- translated into English -

How long will you not obey fully? How long does it take, until you live for Me completely? Under your watch, under your oversight in the Body of Christ things are been taken away. Why are you allowing things to be taken away, things that have been believed and prayed for a long time ago? Why are you allowing this? If you don't know, what I am talking about, you are too far away, too far away from your call. Too far away from your calling, too far away from My perfect will, from My plans and My purposes for your life. If you don't know what I mean, than you are backslidden. It is My will for the entire world to be filled with My glory. All man should come to the saving knowledge of the Lord. That is My plan. You have to work in this plan and you have to protect that plan. It is not your small self-made gospel. You cannot think, you live in the gospel according to your own rules and made-up principles, because it is the Gospel of Jesus Christ.

It is the Gospel of My Son Jesus Christ, that He paid for with His blood. It is not the gospel of small blessings for you. You will be judged according to my gospel. I will ask you, what have you done, what have you done? Have you been faithful? I want to remind you, you have nothing in yourself, you are nothing and can't do nothing without Me. It seems that you forgot about that. This, your world is falling apart, but you are still fighting for it instead of fighting for Me. I tell you, use your time wisely and be guided by My Spirit, so that you don't do anymore, what you want. Commit yourself totally to the Holy Spirit and follow those things that He is saying. That's what the Lord said. That is true for you and me. The Word has the power to change us!
